"Best Buds"

INITIAL MEETING DIALOGUE:

HONEY LEMON

Did I hear correctly that you can transform into a big fuzzy monster? I have a friend who's always asking me to help him do that.

MEILIN LEE

You know it! I'm Meilin Lee, and my ancestors had a mystical connection with red pandas, so I can bust that out whenever. 24/7, 365. Check it out!

HONEY LEMON

Wow! That's not science, but it IS spectacular. I'm Honey Lemon, by the way.

HONEY LEMON

You're so big! And fluffy! Hmm... I wonder where the extant mass goes when you return to being human?

MEILIN LEE

I try not to think about it. And speaking of big, wow, you're tall!

HONEY LEMON

Oh, haha, thank you. A lot of my height is in the heels.

MEILIN LEE

I feel that. A lot of mine's in the panda.

"Best Buds" *Disney Heroes Quest*, Cohen Edenfield

INTRO:

MEILIN LEE

I'm making paper like it's
origami... I only came to win the
game, can't stop me, yeah!

HONEY LEMON

Hey Meilin! How's it going? I love
those retro earbuds!

MEILIN LEE

Ooh, yeah! Ooh yeah! Got it!

HONEY LEMON

...I don't think she can hear me.
Groovy dance moves, though.

LEVEL I: Budding Friendship

Honey Lemon wants to get to know Meilin Lee a little better, but
it's hard for her to be heard over the sweet sounds of 4*Town
currently pulsing in Meilin's eardrums.

HONEY LEMON

Meilin? Hello! HELLO!

MEILIN LEE

I'm never... ooh, hey...

HONEY LEMON

MEILIN! Sigh... It's been twenty
minutes. Maybe I should come back
later.

MEILIN LEE

You gotta.. ooh... oh, oh, oh NO!
My earbuds are broken! Oh, hey
Honey Lemon! How long have you
been standing there?

HONEY LEMON

Just a few seconds.

"Best Buds" *Disney Heroes Quest*, Cohen Edenfield

LEVEL II: Hear and There

Meilin's treasured earbuds are kaput, threatening to take her from 4*Town to Boretown. Sounds like a job for a fashionista superscientist!

MEILIN LEE

What am I going to do? Without these earbuds, I can't hear the sweet sounds of 4*Town! My boys!

HONEY LEMON

Those don't look complicated. Here, let me take a peek.

MEILIN LEE

Can you fix them? One of my BFFs gave them to me.

HONEY LEMON

Hmm... the design is a little retro, but I think I can get them working. I just need to peel back a little of this plastic to be sure.

MEILIN LEE

Would panda claws work?

HONEY LEMON

Too well, I think. But I know someone who can help us!

LEVEL III: Knife to Meet You

To repair Meilin Lee's headphones, Honey Lemon needs to peel back the casing without damaging the wires. They'll need sharp knives and a skillful hand. Colette has both.

COLETTE

Whet. Sharpen. Whet. Sharpen. Slice. Dice. Slice. Dice. Skills are like knives. They always need sharpening.

HONEY LEMON

Hey Colette! Wow, that smells GREAT! If you have a sec, could

"Best Buds" *Disney Heroes Quest*, Cohen Edenfield

you maybe trim back the plastic on these earbuds?

MEILIN LEE

Please be careful! They're totes important.

COLETTE

Ah, it is a quest, yes? For you two, I will be pleased to do this thing. Give them here. There. I have finished.

HONEY LEMON

Thanks Colette! You really are the sharpest knife in the drawer. Let's see... it looks like a frayed wire, but I'm not sure of the exact material.

LEVEL IV: Frayed Nerves

Meilin Lee and Honey Lemon set off to find someone who can help them identify earbuds' wiring. Hmm... will Baymax's scanners work?

HONEY LEMON

Baymax! This is my friend Meilin Lee.

MEILIN LEE

OMG. He's soooooo cute! And soft! I don't know if I can keep the panda under control around this guy!

HONEY LEMON

We better make this quick, then. Baymax, can you please scan the frayed wires in these earbuds and tell me their composition?

BAYMAX

My scanners are tuned for humans. May I suggest finding another source?

"Best Buds" *Disney Heroes Quest*, Cohen Edenfield

MEILIN LEE

You besties with any other cute robots?

LEVEL V: Adamant Eve

The girls track down Eve, whose all-purpose scanners should be able to identify the metal in Meilin's busted earbuds.

EVE

whistles Directive?

MEILIN LEE

This robot's even more adorable than the last one! I'm seriously gonna lose it.

HONEY LEMON

If you do, she might just fly off. She's kind of particular.

MEILIN LEE

Time to put 13 years of manners training to use. Miss, would you be so kind as to use your totally cool tech to scan my busted buds?

EVE

Beginning scan. Scan in progress. Scan complete. Beginning analysis. Analysis in progress. Analysis complete. Material: Copper.

LEVEL VI: Shank's Giving

Shank's garage is full of everything it takes to keep a car running at peak performance, including copper wire. Despite her fierce rep, she's eager to help our heroes with their tune-up.

SHANK

Just need to clean up the oxygen sensor, and this baby will be purring.

HONEY LEMON

Hi Shank! Wow, that manifold is spotless. This is my friend Meilin

"Best Buds" *Disney Heroes Quest*, Cohen Edenfield

Lee! We're hoping maybe you could help us out with something.

SHANK

Lemon Peel! Anything you need, girl. And your friend, she's part-time panda I've been hearing about, right? My garage is yours.

MEILIN LEE

OMG YOU ARE THE COOLEST PERSON I HAVE EVER SEEN. ARE YOU REAL? CAN I LIVE HERE?

MEILIN LEE

I mean, um, can we maybe borrow just a little bit of copper wire?

SHANK

That's all you need? I've got copper to spare. It's a common drop. Help yourself, furball.

LEVEL VII: Side Sally

The final step in repairing Meilin's earbuds is threading the newly-acquired copper wire through the plastic casing. Honey Lemon calls on Sally, expert seamstress, who is happy to help.

SALLY

Now, where did I leave that needle...

MEILIN LEE

OMG, that dress is the bomb-dot-com! Did you make it yourself?

SALLY

Why, yes. Thank you. I've always enjoyed sewing. I do all my own self-stitches, you know.

HONEY LEMON

We love an independent woman. Speaking of, Sally, do you think

"Best Buds" *Disney Heroes Quest*, Cohen Edenfield

you could thread this copper wire
through this plastic tubing?

SALLY

If there's anything I can do to
help my friends, I'll do it! Here,
let me take a look...

LEVEL VIII: Hear By Your Side

Having met some of the City's coolest citizens, Meilin Lee and
Honey Lemon share satisfaction and the smooth sounds of 4*Town.

MEILIN LEE

Thanks so much introducing me to
all those totally cool people! You
have so many BFFs!

HONEY LEMON

It took a while, but that's
science. It's easier when you're
in it together!

MEILIN LEE

On that note, can I offer your ear
a front-row seat to a bootleg
4*Town recording my own BFF gave
me? I have an earbud to spare now!

HONEY LEMON

I never turn down a new
experience. Gimme that bud! Ooh, I
love! It's so retro!

MEILIN LEE

Cmon, Honey! Let's dance! Show me
how YOU make your own moves!
